The American Community Survey (ACS) is a determining factor in eligibility for a project to be completed using CDBG funds. A community-wide project must be at least 51% LMI

While the highlighted areas are considered as a community-wide LMA (low/moderate income area) they are NOT automatically approved for any or all projects.

While the non-highlighted areas are above the LMI threshold, but does NOT exclude them from being approved for a project.

The higher the percentage, the more low/moderate income persons reside in the designated area.

A specific section or portion of the borough/township can be qualified for portions or area specific projects while the entire community isn't.

Some exclusions apply based upon beneficiaries and/or nature of the project

If you are a local government, non-profit or community organization and have a project in mind for your community follow the guidelines below:

<p>Ask yourself:</p> <p>Do we, as a community, have a need for this? Who will benefit from this project? Can we contribute financially?</p>	<p>Don't</p> <p>Make assumptions Rule it out Be discouraged</p>
---	---

Call the Huntingdon County Planning & Development Department at 814-643-5091 to speak with Jen Bellis or Jayme Reck. We will be happy to formally present material at a meeting, casually discuss or visit the project site to personally discuss with you the opportunities that may be available to you for funding. Consider it a no hassle free consultation!
